Project Proponent

**Re: Westside Sac Integrated Regional Water Management Plan (IRWMP) - Project Update Request**

Dear Addressee,

The Westside Sac IRWM Coordinating Committee (CC) is required to track project status and grant funds brought into the Westside Sac IRWMP area. Your organization is currently listed as a project proponent. Please provide us with an update to your project status by responding to the email and attachments associated with this letter. Our last effort to gather project updates received too low a response to be useful to Westside Sac IRWM Stakeholders in the upcoming Annual Report. We have simplified our request and ask that all responses be returned by April 24<sup>th</sup>, 2015.

This letter is accompanied by an Excel spreadsheet listing the project(s) you submitted for inclusion in the IRWMP, along with your original Project Submission request(s). On the spreadsheet, please mark with an "X" all stages that have been completed for each of your projects, include information on grant funds brought in to complete projects, and return it by replying to this email. If the description of your project has changed or it otherwise needs a verbal response, please provide that in your email reply.

The CC is currently receiving projects from stakeholders in the Region on a continuous basis until further notice (<http://www.westsideirwm.com/projects.html>). Adding projects to the Westside IRWMP does not guarantee they will be funded. A project must meet the Region's goals and objectives as well as importance and urgency standards to be included in grant applications.

If you have questions regarding this request my phone number is (530) 661-1688 ext. 18 and email address is [wrysinski@yolorcd.org](mailto:wrysinski@yolorcd.org).

On behalf of the IRWM Coordinating Committee

Jeanette Wrysinski,  
Project Manager, Westside Sac IRWMP Coordination Committee Assistance  
Yolo County Resource Conservation District
